Medway Rugby Football Club membership includes insurance cover through the RFU via their Accidental Death and Permanent Total Disability (ADPTD) policy. Additional private cover should be considered if you wish to increase your personal accident and sports injury protection to insure against any potential financial effects of a rugby injury. We strongly recommend the wearing of a gum shield for playing rugby. Professionally made mouth guards can be obtained from your dentist. We also recommend that all players are up to date with tetanus vaccinations
